Shaylin Schundler, M.S. CCC-SLP

Shaylin Schundler is a speech therapist at the Kessler Rehabilitation Center in Jersey City where her role allows her to engage her deep interest in language and communication and help others at the same time. She is also training to become a ReVital cancer rehabilitation specialist.

Education:

- Bachelor of Arts (BA) degree in Linguistics, Biology minor, The College of William and Mary, Williamsburg, VA
- Master of Science (MS) degree in Speech Language Pathology, New York Medical College, Valhalla, NY

Certifications:

- Certificate of Clinical Competence (CCC), American Speech-Language-Hearing Association (ASHA)

Specializes in:

- Speech and language
- Swallowing
- Cancer rehabilitation

Other interests:

- Participates in the Kessler Rehabilitation Center special interest group (SIG) on Speech
- Participates in the Kessler Rehabilitation Center Speech Research Club

About Shaylin:

Shaylin has always had an interest in language and the brain. Speech language pathology engages these interests in a way that makes an impact in people's lives. She is a hometown girl who was born and raised in Jersey City with strong roots in the community. Shaylin is a cat lover, a reader, and a performer and board member in Cantigas Women's Choir, a local community choir which focuses on performing both world and classical music.

Appointments can be scheduled with Shaylin by calling:
